

# Integrated DECT Headset for MiVoice 6900 IP Phone Series

Reliable, fully integrated professional DECT wireless headset for the MiVoice 6900 IP Phone Series that doesn't compromise on sound quality

## Key Features

- Extended range – DECT wireless technology with 300-foot (100-meter) range
- Premium mono-ear headset
- Soft comfortable ear cushion
- Up to 8 hours of talk time
- HD Voice wideband audio
- Noise cancelling microphone
- Call handling from the headset
- Attaches to phone or PKM via sidecar expansion port (support for up to 3 PKMs + Integrated DECT Headset attached to phone)
- Powered directly by the MiVoice 6930 or MiVoice 6940 IP Phone

The MiVoice Integrated DECT Headset gives users the ability to untether themselves from their desk and take advantage of the added productivity that wireless communication delivers. Adding the benefit of completely hands-free communication, the Mitel Integrated DECT Headset enables users to work on their computers, handle documents, or take notes during calls. The unique phone-attached headset base reduces desktop clutter and solution footprint when compared to standalone cordless headset solutions. In addition, the fact that the base is powered by the phone eliminates having to find an available power outlet, which can be a challenge as often available outlets are all occupied by other desktop equipment.

The Integrated DECT Headset delivers an extended range of up to 300 feet (100 meters) of personal area mobility, helping users avoid missed calls while stepping away from their desk. Mitel's DECT Accessories are an ideal fit for all organizations and verticals including call centers, education, healthcare, hospitality and retail environments.

## Enhance the way you work

Remove the wires that tie you to your desk, with an extended range of up to 300 feet (100 meters) benefit from an increase in collaboration and productivity.

## Reduce desktop clutter

The Integrated DECT headset simply and quickly attaches to your Mitel 6900 phone or PKM, resulting in a clean, uncluttered desktop.

## Enjoy crystal clear sound

You are always able to fully understand your phone conversations thanks to the crystal-clear HD Voice wideband audio.

## Handle calls remotely

Intuitively answer/end calls and manage volume and mute functions from the headset buttons while remote and either the headset or phone buttons while at your desk.

## Easy to install & use

The Mitel Integrated DECT Headset is end user installable ensuring you will be up and making calls in no time at all. Seamless headset button integration ensures reliable and intuitive operation.

## Use all day without recharging

Benefit from a battery whose charge will last for your whole working day. Collaborate with colleagues or customers for up to 8 hours with no need to charge the headset.
